MODULE DESCRIPTION
In the context of the 4th industrial revolution “Digital Marketing Competencies” (DMC) is essential for anyone involved in planning, implementation, or evaluation of communications through digital media, particularly in social media. Moreover, Covid-19 has changed several dimensions in the business environment over the globe; thus, it has put more emphasis on digital media for reaching target audience. Specifically, this course is designed for those who would like to enhance their digital marketing capabilities for excelling in their professions and businesses.

Therefore, this program aims to enable participants to develop an understanding of the fundamental elements of any social and digital marketing strategies, independently as well as a part of stakeholder communication. This module will also focus on planning, creating, and effectively managing search, social media, mobile, and email marketing campaigns. It will, therefore, take a strategic orientation and introduce participants to the theories, concepts, models, techniques, and current best-practices for integrating your digital marketing plans into your overall marketing strategy.

FEES
Each participant will have to pay total BDT 22,000/= as course fees which include tuition fees, cost of lecture materials, stationeries, refreshment and certification etc.

MODULE ASSESSMENT
The success of this module is dependent upon each participant being fully prepared for each session and participating in the class discussion. The instructor will be an active member of the discussion group. Independent thinking is encouraged, and friendly disagreements are anticipated. The final assessment will be based on:
Program Attendance: 20%
