CALL FOR PAPERS

International Conference on

Management of Innovation and Sustainability: Vision 2041

Conference Dates: April 4-5, 2020
Venue: IBA, University of Dhaka

ABOUT THE CONFERENCE

We are pleased to inform you that the Institute of Business Administration (IBA), University of Dhaka is going to organize the 1st International Conference on April 4-5, 2020. The conference theme is “Management of Innovation and Sustainability: Vision 2041”. The Bangladesh Development Vision 2041 defines broad development goals aimed at raising the general standard of living of the people of Bangladesh to the level of a high-income developed country by the year 2041.

As a tribute to the Father of the Nation, Bangabandhu Sheikh Mujibur Rahman, and his vision and dream of creating a ‘Sonar Bangla’, nothing can be more befitting than taking Bangladesh to the status of a Developed Nation by implementing Vision 2041. The vision 2041, among other things, sees education as critical to creating the mindset necessary for creating national development and a competitive economy, which will be the driving forces for the realization of that vision.

Through the International Conference on “Management of Innovation and Sustainability”, IBA, under the leadership of the Ministry of Education of the Government of the People’s Republic of Bangladesh, aims to bring together academics, business leaders and representatives of associations, policy makers and practitioners interested in strengthening and contributing to the field of business, innovation, and sustainability. The conference aims to analyze the opportunities and challenges of implementing Vision 2041, and explore practical strategies and solutions.

CALL FOR PAPERS

All respected authors are invited to submit their original research papers/manuscripts, cases and working papers within the broad spectrum of the conference theme. However, we will accept papers themed around, but not limited to, the following three tracks:
